E  ST DOMES

# ABOUT OUR STRUCTURES

All of our structures are made with dozens of 1.5-inch-thick factory galvanized steel struts. This means more resistance to heavy winds, a higher snow load, and no rusting. Plus, we include a powder coat of electrostatic paint in the color of your choice to finish it off nicely.

# STRUCTURE PRICES

| DIAMETER | SURFACE AREA      | 1.5" GALVANIZED STEEL | 1" GALVANIZED STEEL |
|----------|-------------------|-----------------------|---------------------|
| 4m       | 12m <sup>2</sup>  | \$ 2,286              | \$ 1,993            |
| 5m       | 19m <sup>2</sup>  | \$ 2,360              | \$ 2,054            |

# ABOUT OUR COVERS

All of our standard covers are made of a high-quality Carolina Performance PVC membrane. They are certified fire-resistant by the California Fire Marshal and need to be replaced just once every 7-10 years. We offer them in three standard colors-white, beige, and olive green. If you'd like something different, no problem. Just ask one of our team members about our customs designs.

# COVER PRICES

# ABOUT OUR INSULATION

We offer our insulation in three colors: Beige, Gray & White. Our insulation is perfect for cold climates to help keep out the cold and keep warm air in. But it's also great for hotter climates to battle the heat of the sun and keep it cool inside.
