ABOUT OUR INSULATION

We offer our insulation in three colors: Beige, Gray & White. Our insulation is perfect for cold climates to help keep out the cold and keep warm air in. But it's also great for hotter climates to battle the heat of the sun and keep it cool inside.

E  ST DOMES

ABOUT OUR RAISED CIRCULAR BASE

Creating a raised circular base for your dome is an essential part of your build. It will waterproof the interior flooring for your dome and also give you a secure place to anchor your cover. You have the option of buying the base from us (recommended) or we can give you the plans and specifications for you to make it yourself.

RAISED CIRCULAR WOODEN BASE PRICE

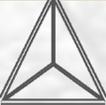

DIAMETER	SURFACE AREA	PRICE

ABOUT OUR STRUCTURES

All of our structures are made with your choice of 1-inch steel or 1.5-inch galvanized steel struts. They are highly resistant to heavy winds, have a high snow load, and are protected against rust. Plus, we include a powder coat of electrostatic paint in the color of your choice to finish it off nicely and provide further protection against wear.

ABOUT OUR COVERS

All of our standard covers are made of a high-quality Carolina Performance PVC membrane. They are certified fire-resistant by the California Fire Marshal and need to be replaced just once every 7-10 years. We offer them in three standard colors-white, beige, and olive green. If you'd like something different, no problem. Just ask one of our team members about our custom designs.
